Upon the receipt of the said written notice from the Contractor/C.R., the Sub-Contractor shall inform the Contractor/C.R in writing within a further 14 Days, of its decision either to:

(i) agree to proceed with the Sub-Contract Works when the Site is subsequently made available and accessible, in which case sub-clause 19.7(b)(i) shall apply in particular; or

(ii) determine its employment under the Sub-Contract pursuant to Clause 40.0B without prejudice to any other rights or remedies that the Contractor and the Sub-Contractor may have as a result of such determination.
Further to sub-clause 19.7(a)(ii), should the delay giving access to and possession of any Section of the Site be more than 90 Days, the Contractor/C.R. shall give written notice to the Sub-Contractor of the cause or causes of the delay. Upon receipt of the said written notice from the Contractor/C.R., the Sub-Contractor shall inform the Contractor/C.R. in writing within a further 14 Days, of its decision either to:

(i) agree to proceed with the Sub-Contract Works when the relevant Section of the Site is subsequently made available and accessible, in which case sub-clause 19.7(b)(i) shall apply in particular; or

(ii) request the Contractor’s/C.R’s instruction to omit the relevant Section from the Sub-Contract. If the Contractor/C.R so agrees to such a request, then the relevant Section shall be duly omitted and deemed to be a Variation to the Sub-Contract under Clause 28.0. If the Contractor/C.R. do not agree to such a request, then the Sub-contractor shall be entitled to claim for any loss and/or expense caused by, and in respect of such delay beyond the 90 Days as aforesaid pursuant to Clause 44.0.

19.8 Rights of Way or Access

(a) In amplification of the foregoing provisions, the Contractor shall provide the Sub-Contractor with the permanent right of way or access to the Site.

(b) The Sub-Contractor shall at its own expense (which expense shall be deemed to be included in the Sub-Contract Sum) be responsible for obtaining any right of way, or access (including rights of easement) that may be required by the Sub-Contractor for the purposes of the execution and completion of the Sub-Contract Works.

(c) The Sub-Contractor shall also provide as its own expense (which expense shall be deemed to be included in the Sub-Contract Sum) any additional accommodation, land or facilities outside the Site required by the Sub-Contractor for the purposes of the execution and completion of the Sub-Contract Works.

19.9 Consents and Wayleaves

(a) Unless the Sub-Contract Documents shall otherwise provide, the Contractor and/or the Employer shall in due time obtain all consents, wayleaves and approvals which the Contractor and/or the Employer are responsible for, in connection with the regulations and by-laws of any local or other Appropriate Authority which shall be applicable for the execution and completion of the Sub-Contract Works on the Site.
(b) If the Sub-Contractor is required to undertake the above, all costs and expenses in respect to conformance to sub-clause 19.9(a) shall be deemed to be excluded from the Sub-Contract Sum and shall constitute a Variation to the Sub-Contract under Clause 28.0.

20.0 SUB-CONTRACT PROGRAMME OF WORK

20.1 General Requirements

(a) The requirements for the preparation, submittal, updating and the revision of the Sub-Contractor’s programme (called “the Sub-Contract programme”) are set out in this Clause. The requirements are in addition to or expand upon the requirements set out in Clause 9.0 of the Sub-Contract.

(b) The Sub-Contract programme shall be used by the Sub-Contractor to plan and execute the Sub-Contract Works. The Sub-Contract programme will also be used by the Contractor/C.R. to monitor progress and be the basis for the assessment of extensions of time (if any) and the effect of the delay (if any) on the progress of the Sub-Contract Works.

20.2 Contractor’s Obligation

The Contractor/C.R. shall within 14 Days of issue of the Letter of Acceptance of the Sub-Contract, provide the Sub-Contractor with the latest or current accepted programme for the Contract which shall indicate the time or times for the commencement and completion of the Sub-Contract Works or any Section or part of the Sub-Contract Works (as applicable).

20.3 Submission and Format

(a) The Sub-Contractor shall, within 14 Days of the receipt of the programme from the Contractor/C.R., submit to the Contractor/C.R., a Sub-Contract programme and Method Statement in such format as the Contractor/C.R. may require.

(b) The Sub-Contract programme and Method Statement shall indicate and describe the execution and completion of the Sub-Contract Works in compliance with the programme for the Contract received from the Contractor/C.R.

20.4 Contractor’s/C.R’s Response
(a) Within 14 Days of receiving the Sub-Contract programme and Method Statement, the Contractor/C.R. shall accordingly notify the Sub-Contractor in writing:

(i) whether it accepts the said programme; or

(ii) to the extent to which it does not comply with the Sub-Contract; in which case the Contractor/C.R. may require the Sub-Contractor to undertake the necessary revisions.

(b) Unless the Contractor/C.R., within 14 Days after receiving the Sub-Contract programme and Method Statement gives notice to the Sub-Contractor stating the extent to which it does not comply with the Sub-Contract, the Sub-Contractor shall proceed in accordance with the Sub-Contract programme and Method Statement, subject to its other obligations under the Sub-Contract.

20.5 Default in submission of Sub-Contract programme

(a) Should the Sub-Contractor either fails to:

(i) submit a Sub-Contract programme for acceptance in accordance with this Clause, or

(ii) not regularly update the accepted Sub-Contract programme as an updated/revised Sub-Contract programme,

then the Contractor/C.R. shall be entitled to enforce the necessary sanctions as listed in sub-clause 20.5(b) below.

(b) The sanctions shall be:

(i) the Contractor/C.R. shall be entitled to reduce by the percentage stipulated in Appendix II the amount due to the Sub-Contractor in the Interim Certificates until the Sub-Contractor has complied with its contractual obligations in respect of the Sub-Contract programme; and

(ii) the Contractor shall not be obliged to comply with any of the Sub-Contractor’s requirements as to the order or timing for the giving of possession of site, or for the Contractor/C.R. to supply supplementary drawings or documents, details or information or instruction; and
(iii) the Contractor/C.R. shall take the Sub-Contractor's defaults in the assessment of any claims of the Sub-Contractor as to extension of time and/or loss and expense.

20.6 Modification or Revision

(a) The Contractor/C.R. shall provide the Sub-Contractor with all revisions to the accepted programme for the Contract. The Sub-contractor shall upon receipt of the said revised programme from the Contractor/C.R., submit a revised/updated Sub-Contract programme and Method Statement which shall conform to the revised/updated programme for the Contract.

(b) Should it appear to the Contractor/C.R. that the design (to the extent required by the Sub-Contract) and the execution of the Sub-Contract Works does not conform to the accepted Sub-Contract programme, then the Contractor/C.R. may in writing require the Sub-Contractor to submit a revised/updated Sub-Contract programme and/or Method Statement. The revised/updated Sub-Contract programme shall conform to the latest revision of the programme for the Contract.

(c) Unless otherwise agreed between the Contractor/C.R. and the Sub-Contractor and instructed by the former by way of a Variation under the Sub-Contract, no revision of the programme for the Contract shall reduce the time or times for the completion of the Sub-Contract Works Appendix II or any extended time or times granted, as the case may be.

20.7 Programme and Method Statement not part of Sub-Contract

The Sub-Contract programme and Method Statement shall not form part of the Sub-Contract. The submission to and acceptance by the Contractor/C.R. of the Sub-Contract programme or Method Statement shall not relieve the Sub-Contractor of its obligations or responsibilities under the Sub-Contract.

21.0 DELAYS AND CONSEQUENCES

21.1 Scope of Clause

(a) This Clause shall cover the situations where there is a material delay to the regular progress of the Sub-Contract Works or any part thereof caused by:
(i) an event or cause of delay which under the Sub-Contract is at the risk or responsibility of the Contractor (called the “Contractor Risk Event”); which Contractor Risk Event may or may not be an Employer Risk Event under the Contract between the Employer and the Contractor but for which the Contractor has assumed the risk or responsibility under the Sub-Contract; and/or

(ii) an event beyond either Parties’ control (called the “Neutral Event”).

(b) The rights and entitlements of the parties shall be exclusively governed by the provisions of this Clause 21.0 and any other applicable clause in the Sub-Contract.

21.2 Notification of Delay

(a) Where the regular progress of the Sub-Contract Works or any part thereof is materially delayed by any cause or causes (called “time impacted event(s)”) stated in Clause 21.4 (and no other) in such a manner which might reasonably be expected to result in delay in the Sub-Contract Works (or any part thereof) reaching the Date for Completion referred to in Clause 22.0 or beyond any extended Completion Date previously fixed under this Clause 21.0, the Sub-Contractor may give a notice to Contractor/C.R. (called “the notice of delay”) as specified in sub-clause 21.2(b).

(b) The notice of delay shall:

(i) be in writing;

(ii) be given not later than 7 Days after the cause of the delay first arose;

(iii) stipulate the particular Sub-Contract reference;

(iv) state with as much detail as is possible, the nature of the cause or causes of the delay;

(v) specify, where applicable, the extent of the delay;

(vi) state the steps being taken to mitigate/alleviate or otherwise deal with the delay and its cause or causes; and

(vii) include any other information or detail that might be relevant to the said notice.

(c) Should the Sub-Contractor be seeking an extension of time under sub-clause 21.3, the giving of the said notice of delay shall be a condition precedent to the Sub-Contractor’s entitlement of an extension of time under this Clause.
21.3 Extension of Time: Application

(a) In the event that the Sub-Contractor is seeking an extension of time to the Sub-Contract pursuant to sub-clauses 21.1(a)(i) and (ii), the Sub-Contractor shall not later than 30 Days after giving the notice of delay under sub-clause 21.2 give the Contractor/C.R. necessary documents and/or information to substantiate its claim.

(b) The contents of the Sub-Contractor’s substantiation under sub-clause 21.3(a) shall include but be not necessarily limited to the following:

(i) the exact cause, or causes of the alleged delay;

(ii) the appropriate Sub-Contract reference to such cause of alleged delay;

(iii) full details of the effect of the alleged delay to the critical path of the Works as set out in the Sub-Contractor’s programme accepted under Clause 15.0.

(iv) steps taken or being taken by the Sub-Contractor to minimize, mitigate or avoid the delay;

(v) the estimated length of the delay and the extension of time required;

(vi) all relevant scheduling and rescheduling documents consequent to the alleged delay and mitigation of it; and

(vii) all other supporting records, data, evidence and information that will help the Sub-Contractor to prove its claim for an extension of time.

(c) Where a delaying event has a continuing effect such that it is not practicable for the Sub-Contractor to submit all particulars and further information in accordance with sub-clauses 21.3(a) and (b), the Sub-Contractor shall nevertheless submit to the Contractor/C.R. interim particulars at intervals of not more than 30 Days and the final particulars within 30 Days of the event causing the delay ceasing to operate.

(d) For the avoidance of doubt, the requirements of sub-clause 21.3(a) to (c) shall, in addition to sub-clause 21.2 be a condition precedent to the Sub-Contractor’s entitlement for an extension of time under this Clause.

(e) The Sub-Contractor shall, before making any application for extension of time, consult and come to a mutual agreement with the Contractor/C.R. on the appropriate method of delay analysis that should be employed for the application in question. Failure of the Sub-Contractor to consult the Contractor/C.R. on the delay analysis methodology
will be a matter that the Contractor/C.R. might take into account in granting/allowing any consequential time and/or costs entitlements that may be due to the Sub-Contractor.

(f) The Sub-Contractor shall keep such contemporary records as may be necessary to substantiate any claim, on the Site or at another location acceptable and accessible to the Contractor/C.R. Without admitting the Contractor’s liability, the Contractor/C.R. may, after receiving any notice under Clause 21.2, monitor the record-keeping and/or instruct the Sub-Contractor to keep further contemporary records. The Sub-Contractor shall permit the Contractor/C.R. to inspect all these records, and shall (if instructed) submit copies to the Contractor/C.R. For the avoidance of doubt, the provisions of Clause 44.4 shall equally apply to the said contemporary records.

21.4 Extension of Time Causes/Time Impacted Events

(a) The Sub-Contractor shall only be entitled to an extension of time where the completion of the Sub-Contract Works or any Section is likely to be delayed, or has been delayed beyond the Date for Completion stated in Appendix II or beyond any extended Date for Completion previously fixed under this Clause where the provisions of sub-clauses 21.2 and 21.3 and, in particular, the conditions precedent satisfied.

(b) The cause or causes of the delay/time impacted events entitling the Sub-Contractor to an extension of time shall be one, or more of the following:

1. Neutral Events mean:

   (i) Force Majeure as defined in Clause 42.0;

   (ii) Exceptionally adverse weather conditions as defined in Clause 21.4 (d) below. The Sub-Contractor is required to show that the exceptionally adverse weather conditions occurred at the time when the Sub-Contract Works were actually carried out, and not when they were programmed to be carried out nor, at a time when there was not supposed to be any Sub-Contract Works in progress; and it has caused delay to the completion of the said Works.

   (iii) loss and/or damage occasioned by one or more of the contingencies referred to in Clause 36.0 as the case may be, provided always that the same is not due to any negligence, omission, default and/or breach of contract by the Sub-Contractor.
(iv) compliance with any changes to any law, regulations, bylaw or terms and conditions of any Appropriate Authority and/or service provider;

(v) delay caused by any Appropriate Authority and/or service provider in carrying out, or failure to carry out their work which affects the Sub-Contractor’s work progress, provided always that the Sub-Contractor has diligently followed the procedures, terms and conditions laid down by the Appropriate Authority and/or service provider; the delay was unforeseeable; and such delay is not due to any negligence, omission, default and/or breach of contract by the Sub-Contractor; and

(vi) any other neutral ground for extension of time expressly mentioned in the Sub-Contract.

2. Contractor’s Risk Events mean:

(i) the Sub-Contractor not having received in due time necessary Contractor’s/C.R.’s Instruction (including those for or in regard to the expenditure of Contingent Sums and Provisional Sums, if any) for which it had specifically applied in writing to the Contractor/C.R.. The Sub-Contractor’s application must be submitted to the Contractor/C.R. in sufficient time before the commencement of construction of the affected Sub-Contract Works, to enable the latter to issue the necessary Contractor’s/C.R.’s Instruction within a period which would not materially affect the progress of the affected works, having regard to the Date for Completion of the whole or Section of the Sub-Contract. Provided always that the Contractor’s/C.R.’s Instruction was not required as a result of any negligence, omission, default and/or breach of contract by the Sub-Contractor;

(ii) delay by the Contractor in giving access to, and possession of the Site or any Section of the Site in accordance with sub-clause 19.1;

(iii) compliance with Contractor’s/C.R.’s Instructions under sub-clauses 3.8, 28.2, or 39.4, unless the said Instruction was issued due to or is necessitated by or is intended to rectify any negligence, omission, default and/or breach of contract by the Sub-Contractor;
(iv) delay on the part of craftsmen, tradesmen or others employed or engaged by the Contractor/Employer in executing work not forming part of this Sub-Contract or their failure to execute such work, provided always that the Sub-Contractor has given reasonable access to enable such craftsmen, tradesmen or others employed or engaged by the Contractor/Employer to execute their works and has provided true and accurate Site conditions and reasonable timelines for such works to be completed by them.

(v) delay or failure in the supply of Materials, Goods, Plant and/or Equipment which the Contractor had agreed to supply for the Sub-Contract Works.

(vi) the opening up for inspection of any work covered up, the testing of any work, materials or goods in accordance with sub-clause 16.14 (including making good in consequence of such opening up or testing) unless the inspection or test is provided for in the Sub-Contract, show that the Works, Material, Goods were not in accordance with the Sub-Contract, or is required by the Contractor/C.R. in consequence of prior negligence, omission, default and/or breach of contract by the Sub-Contractor.

(vii) compliance with Contractor's/C.R's instructions issued in connection with disputes with neighbouring property owners provided always that such dispute is not caused by any negligence, omission, default and/or breach of contract by the Sub-Contractor.

(viii) delay as a result of the execution of work for which a Contingency Sum or Provisional Sum/Quantity(if any) is included in the Sub-Contract for which the Contractor's/C.R's instruction is issued under Clause 27.0.

(ix) failure of the Contractor under Clause 4.0 to give in due time entry to or exit from the Site or any part through or over any land, by way of passage adjoining or connected to the Site and in possession or control of the Contractor, provided always that it is the duty and responsibility of the Contractor to give such passage under the Sub-Contract.

(x) suspension by the Sub-Contractor of its obligations under the Sub-Contract for which it is not in default and/or breach under the Sub-Contract nor caused by its negligence, and
(xi) suspension of the whole or part of the Sub-Contract Works by the Contractor/C.R or order of an Appropriate Authority provided that the same is not due to any negligence, omission, default and/or breach of contract by the Sub-Contractor; and

(xii) any act of prevention or breach of contract by the Contractor as expressly stipulated in the Sub-Contract.

(c) In amplification of the foregoing, the Sub-Contractor's entitlement shall be subject to the conditions that:

(i) the delay is not due to, or concurrent with any act, negligence, default or breach of Sub-Contract by Sub-Contractor, its servants or agents and, other than that related to exceptionally adverse weather under sub-clause 21.4(b)(ii) above, occurs during the approved working hours as defined in Clause 5.0.

(ii) the Sub-Contractor has:

1. complied strictly with the provisions of sub-clauses 21.2 and 21.3, and in particular has given the necessary notices and substantiations strictly in the manner and within the times stipulated therein, unless otherwise decided by the Contractor/C.R.;

2. complied with any reasonable instructions of the Contractor/C.R. with respect to the cause of the delay;

3. extended all relevant insurance covers and the Performance Security by an amount commensurate with the extension being sought and provided adequate proof or evidence of the same to the Contractor/C.R.;

4. taken all proper and reasonable steps necessary and within its control both to preclude the occurrence of the cause of the delay and/or to avoid, or minimize the consequences thereof and shall have demonstrated this to the reasonable satisfaction of the Contractor/C.R.;

5. demonstrated to the reasonable satisfaction of the Contractor/C.R. that the delay has occurred to critical activities on the critical path of the Sub-Contract Works and will cause or have caused the Sub-Contractor to be delayed as claimed; and
6. the delay is not concurrent with any other extension of time already granted or being granted.

(d) For the avoidance of doubt:

(i) extension of time for exceptionally adverse weather shall, subject to the requirement of sub-clause 21.4(b)(ii) mean, any weather conditions which are materially unfavourable/unsafe to the carrying out of the construction works/activities on the Site and shall include unusual/exceptional wind conditions, precipitation, temperature, lightning, air pollution levels (smog/haze) and/or temperature as determined by the Contractor/C.R. based on evidence/records submitted from the nearest meteorological department. For precipitation, it shall be limited to the increase in “unworkable days” for each month, when compared with the “normal average unworkable days” computed from the last 10 years rainfall data of the specified meteorological department’s rainfall station (or nearest to the Site, if not specified) for the same month, with such increase in the “unworkable days” for the month being the entitlement for an extension of the Sub-Contract period in calendar days;

(ii) An “unworkable day” as adverted to above shall be one where more than 10mm rainfall was recorded for that day;

(iii) the Sub-Contractor shall be deemed to have allowed in its tender and in the programming of the Sub-Contract Works under Clause 20.0 for all other delays relating to non-exceptionally adverse weather and its effect, and no claims additional to that permitted in this Clause shall be entertained;

(iv) Any Float Time within the Sub-Contract programme under Clause 20.0 shall belong to the parties in the quantum/proportion as per mutual agreement and the Contractor/C.R. may direct that the Float Time be utilized by the Sub-Contractor to advance the performance of the Sub-Contract Works and the Sub-Contractor shall immediately comply with such direction; with any consequent cost and/or time impact to be assessed by the Contractor/C.R. in accordance with the relevant provisions of this Sub-Contract.

(v) an extension of time that may be granted in respect of one Section of the Sub-Contract Works shall not of itself entitle the Sub-Contractor to an extension of time for any other Section; and
(vi) in this Clause 21.0, any reference to delay or extension of time includes further delay, further notice or further extension of time.

21.5 Extension of Time Certification

(a) Within 30 Days of receipt of the Sub-Contractor’s substantiations under sub-clause 31.3, the Contractor/C.R. shall notify the Sub-Contractor in writing whether:

(i) the notice and substantiations provided by the Sub-Contractor under sub-clauses 21.2 and 21.3 are insufficient to enable it to decide on the Sub-Contractor’s application; or

(ii) the cause of delay is one which in principle entitles the Sub-Contractor to an extension of time; or

(iii) the Sub-Contractor’s claim for extension of time is rejected.

If the Contractor/C.R. fails to respond as stated above, upon the expiry of the said 30 Day period, it shall be deemed that the Contractor/C.R has no objections to the Sub-Contractor’s particular application for time extension and effect shall be accordingly given to the same by both Parties.

(b) If sub-clause 21.5(a)(i) is applicable, the Contractor/C.R. may require the Sub-Contractor to provide within:

(i) 14 Days, or

(ii) such period as may be specified by the Contractor/C.R.

such further information, or details which the Contractor/C.R. may reasonably require including particulars concerning any cause and/or the circumstances of the delay, the details/results of the delay analysis, and the measures planned and/or taken to avoid or reduce the delay.

(c) Should the Contractor/C.R. adopt the option contained in sub-clause 21.5(a)(ii), the Contractor/C.R. may either:

(i) proceed to assess and certify the commensurate extension of time under sub-clause 21.5(e) to (j); or

(ii) instruct the Sub-Contractor to accelerate the Works under sub-clause 21.6.
(d) In the event the Contractor/C.R. rejects the Sub-Contractor’s claim pursuant to sub-clause 21.5(a)(iii), the Contractor/C.R. must furnish the reasons for the said rejection and the Sub-Contractor may thereafter either:

(i) make a fresh application whereby the provisions of sub-clauses 21.2 and 21.3 shall equally apply; or

(ii) refer the matter for arbitration under Clause 45.0.

(e) Within a further 30 Days after the decision in sub-clause 21.5(a)(ii) but in any event prior to the expiry of:

(i) the Date for Completion stated in Appendix II; or

(ii) the date of any extended Date for Completion previously granted under this Clause.

(unless sub-clauses 21.5(b) and 21.6 applies), the Contractor/C.R. shall grant a commensurate extension of time if:

1. any of the Whole of the Sub-Contract Works; or

2. any Section of the Sub-Contract Works

(as the case may be), as may in the Contractor’s/C.R.’s opinion be fair, reasonable and necessary for the completion of the Sub-Contract Works or any Section thereof. Any failure or delay by the Contractor/C.R. to grant a reasonable extension of time or to grant an extension of time within the stipulated time shall not cause the Date for Completion to be set a large but nothing contained in this paragraph shall prejudice the right of the Sub-Contractor to make claims under Clause 44.0.

(f) Where the Contractor/C.R. considers that it does not have sufficient information to enable it to decide on the Sub-Contractor’s application in accordance with sub-clause 21.5(e), the Contractor/C.R. may nevertheless grant such extension of time as may in its opinion appear to be fair, reasonable and necessary on the information available, taking into account all the matters as set out in sub-clause 21.5(g) below.

(g) The Contractor/C.R. when deciding on any extension of time under this sub-clause 21.5, shall take into account the following:

(i) extension of time previously granted, if any;
(ii) the effect of any work omitted or decrease in the quantity of any work as a result of the re-measurement of provisional quantities (if any) stated in the Sub-Contract provided that the Contractor/C.R. shall not fix a Date for Completion earlier than the Date for Completion stated in Appendix II; and

(iii) any delays which may operate concurrently with the delay due to the cause or causes in question including those that are due to the acts or defaults of the Sub-Contractor.

(h) For a delaying event having a continuing effect, provided that the Sub-Contractor has complied with the provisions of sub-clause 21.3(c), on receipt of such interim particulars from the Sub-Contractor, the Contractor/C.R. shall, without undue delay, make an interim decision on extension of time and within 30 Days of the receipt of the final particulars, and shall subject to sub-clause 21.5(g) review all the circumstances and shall decide an overall extension of time in regard to the event.

(i) Notwithstanding any other provisions of this Clause 21.0, the Contractor/C.R. may, in its discretion (but is not obliged to) grant a fair, reasonable and necessary extension of time notwithstanding that the Sub-Contractor has failed to comply with the provisions of this Clause 21.0.

(j) Where the delaying even under sub-clause 21.4 occurs after the issuance of the Certificate of Non-Completion under Clause 25.0, the Contractor/C.R. shall grant an extension of time provided all the relevant requirements of this Clause 21.0 have been satisfied. The extension of time so granted shall be added to the Completion Date of the whole of the Sub-Contract Works or any Section of the said Works (as applicable).

(k) Any decision of the Contractor/C.R. in granting extension of time under the Clause 21.0 shall be notified by the Contractor/C.R. to the Sub-Contractor in a Certificate (called “the Certificate of Extension of Time”).

(l) At any time prior to the issuance of the Final Certificate under Clause 32.0 the Contractor/C.R. may review any previous extension of time granted and either:

(i) fix a Date for Completion later than that previously granted if in the Contractor’s/C.R.’s opinion the granting of such longer time for completion is fair and reasonable; or

(ii) confirm to the Sub-Contractor the Date for Completion previously fixed.
(m) No such final review of extension of time undertaken pursuant to sub-clause 21.5(l) shall result in a decrease in any extension of time previously granted by the Contractor/C.R. In the event the fixing of such later Date for Completion affects the amount of Liquidated Damages the Contractor is entitled to retain, the Contractor shall repay any surplus amount free of interest to the Sub-Contractor within the corresponding period of honouring certificates; and

(n) For the avoidance of doubt, where the Sub-Contract specifies that a separable part of the Sub-Contract Works shall be executed to completion within a period or by a date different from the period or date provided for completion of the whole Sub-Contract Works, the provisions of this Clause shall apply to, and with respect to, the extension of time for completion of that separable part of the Sub-Contract Works; and for that purpose reference in this Clause to the Sub-Contract Works shall be read as references to that separable part of the said Works.

21.6 Acceleration of Works

(a) As an alternative to the granting of an extension of time to the Sub-Contractor pursuant to sub-clause 21.5(a)(ii), the Contractor/C.R. may, within 30 Days of receipt of the Sub-Contractor’s substantiations under sub-clause 21.3, or at any time at its discretion, instruct the Sub-Contractor in writing to accelerate the Work (called “the instruction to accelerate”) to recover the period of delay specified in such instruction.

(b) The instruction to accelerate issued by the Contractor/C.R. pursuant to sub-clause 21.6(a) may be either:

(i) Partial; or

(ii) Total

in its nature and/or extent (as the case may be).

(c) If the Contractor/C.R. issues an instruction to the Sub-Contractor pursuant to sub-clause 21.6(a) requiring the Sub-Contractor to accelerate the work under the Sub-Contract and it only applies to part of the delay, the Sub-Contractor’s entitlement to any extension of time, which it otherwise would have had, will be reduced to the extent to which the instruction to accelerate requires the Sub-Contractor to accelerate to overcome that part of the delay.
(d) Should the Contractor/C.R. issues an instruction to accelerate to the Sub-Contractor under sub-clause 21.6(a):

(i) the Sub-Contractor shall thereupon immediately comply with, and give effect to such instruction by the implementation of such measures as the Contractor/C.R. shall direct or approve in writing (such approval not to be unreasonably withheld);

(ii) the Sub-Contractor shall submit all relevant documents such as the revised/updted Sub-Contract programme, Method Statements, incorporating the accelerative measures adopted, to the Contractor/C.R. for its consent; and

(iii) any such instruction shall be treated as a Variation under and valued in accordance with Clause 26.0.

21.7 Expediting progress of Works, etc.

(a) If, at any time:

(i) the Contractor/C.R. is of the opinion that:

1. the Sub-Contractor’s actual progress is too slow to complete the Sub-Contract Works and/or the Sections thereof by the Date or Dates for Completion; or

2. the Sub-Contractor’s actual progress has fallen or will fall behind the accepted programme under Clause 20.0.

other than as a result of a cause listed in sub-clause 21.4, or

(ii) if for any reason which does not entitle the Sub-Contractor to an extension of time, the Sub-Contractor’s actual progress of the Sub-Contract Works, or any Section thereof is too slow to complete the said Works, or any such Section by the Date or Dates of Completion (including any revised date granted previously under this Clause).

the Contractor/C.R. shall so notify the Sub-Contractor in writing (called “the notice to expedite”).
(b) The Contractor/C.R. in its notice to expedite may instruct the Sub-Contractor to:

(i) expedite the work involved;

(ii) submit, under Clause 20.0 a revised/updated programme;

(iii) submit all supporting documents describing the revised methods or steps which the Sub-Contractor proposes to adopt in order to expedite progress and complete by the Date for Completion; and

(iv) stipulate a period not exceeding 14 Days for the Sub-Contractor to comply with the instruction,

(c) Immediately and within the time stipulated in the notice to expedite the Sub-Contractor shall:

(i) comply with the Contractor’s/C.R.’s instruction; and

(ii) take such steps or measures as are necessary and to which the Contractor/C.R. may consent, to expedite progress of the Sub-Contract Works.

(d) In amplification of sub-clause 21.7(c), the Sub-Contractor shall adopt these revised methods, which may require:

(i) increases in the working hours (even working at night); and/or

(ii) working on public holidays; and/or

(iii) increases in the numbers of the Sub-Contractor’s Personnel, Materials, Goods, Plant, and/or Equipment.

with the provisions of sub-clause 21.7(b) to (d).
(f) If the Contractor has incurred additional, or other costs as a result of any order or instruction given under this sub-clause, it may pursue its claim against the Sub-Contractor pursuant to Clause 43.0

21.8 EOT Pursuant to Section 29 of CIPAA (if applicable)

(a) If the Sub-Contractor is of the opinion that the completion of the Sub-Contract Works has been delayed by reason of the suspension or reduction of the rate of progress of performance of the works under Section 29 of CIPAA, the following provisions shall apply:

(i) as soon as practicable, but not later than 28 Days after the date of resumption of performance or the rate of progress performance of the Sub-Contract Works under Section 29(4)(d) of CIPAA, the Sub-Contractor shall send to the Contractor/C.R. the relevant particulars of its claim for extension of time together with all necessary calculations and documents to substantiate its claims,

(ii) if the Sub-Contractor fails to submit the required particulars within the stipulated 28 Days under Clause 31.3 or such other period as approved by the Contractor/C.R., the latter is not obliged (until after the practical completion of the Sub-Contract Works) to assess and grant any extension of time in respect of the Sub-Contractor’s application for the same. In that event, subject to the Contractor’s/C.R.’s review under Clause 21.6, the Sub-Contractor shall not be entitled to any extension of time, and the non-assessment and non-granting of the extension of time due to the Sub-Contractor’s failure under this Clause shall not be a ground for challenging the validity of the Certificate of Non-Completion (if any) issued by the Contractor/C.R., or any deduction or claim for Liquidated Damages made by the Contractor under Clause 25.0,

(iii) if the Contractor/C.R. is of the opinion that the particulars submitted by the Sub-Contractor pursuant to Clause 21.3 are insufficient for its assessment of the extension of time applied, the Contractor/C.R. shall within fourteen 14 Days from the date of receipt of Sub-Contractor's particulars, inform it of any deficiency in its submission and require the Sub-Contractor to provide such further particulars within such period of time as may be stated by the Contractor/C.R. in writing. Contractor’s application or issue a Certificate of Extension of Time within 28 Days from the last date of the period for the provision of further particulars by the Sub-Contractor. The Contractor’s/C.R.’s determination shall be binding on the Parties until and unless it is revised by the Contractor/C.R. under Clause 21.6,

(iv) Clauses 21.3 to 21.6 shall apply to an application for extension of time under this Clause 21.8.

(b) In the event that the adjudication decision to which the subject claim made by the Sub-Contractor relates, is subsequently set aside by the Court or superseded by a final decision of the Court or arbitration, the Sub-Contractor shall not be entitled to any such extension of time and any extension of time previously granted by the Contractor/C.R. pursuant to this Clause 21.8 shall be deemed automatically cancelled. The Contractor/C.R. may (but is not obliged to) issue a revised Certificate of Non-Completion, but the failure of the Contractor/C.R. to issue a revised Certificate of Non-Completion shall not affect or invalidate the Contractor’s right to its Liquidated Damages for the delay from the last date when the Sub-Contractor ought to have completed the Sub-Contract Works, to the Date of Practical Completion.

PART VI: COMPLETION, DEFECTS LIABILITY AND MAINTENANCE

(f) In the event that a Certificate of Practical Completion has been issued to the Sub-Contractor together with a list of outstanding and/or defective Works pursuant to sub-clause 22.2(d)(ii) above, the Sub-Contractor shall comply with the instruction to complete the same to the satisfaction of the Contractor/C.R. within the prescribed time period. The provisions of sub-clause 24.2 shall apply in the same manner as if the Sub-Contractor has consented to the Contractor and/or the Employer taking possession of such Occupied Part.
25.0 DAMAGES FOR NON-COMPLETION

25.1 Consequence of Delayed Completion

If the Sub-Contractor fails to complete the Sub-Contract Works (or any Section of the Sub-Contract Works) by the stipulated Date for Completion or by the date as mutually agreed to by the Parties, the Contractor/C.R. shall issue a Certificate of Non-Completion stating that in its opinion the same ought reasonably so to have been completed by such date(s). Upon such issuance, the Sub-Contractor shall pay or allow to the Contractor a sum calculated at the rate stated in Appendix II as Liquidated Damages for the period from the Date for Completion, or any extended date where applicable, to the Date of Practical Completion, provided always that the total amount of Liquidated Damages due and retained under this Clause shall not exceed the amount stated in Appendix II as the limit of Liquidated Damages. The Contractor may recover such sum as a debt or may deduct such sum from any monies due or to become due to the Sub-Contractor under the Sub-Contract or may recover such sum from the Performance Security.

25.2 Liquidated Damages Amount Deemed as Agreed

(a) The Liquidated Damages stated in Appendix II is deemed to be the reasonable loss and/or damage which the Contractor will suffer in the event that the Sub-Contractor is in breach of the Clause hereof. The Parties agree that by entering into this Sub-Contract, Section 75 of the Contracts Act 1950 shall not apply for the purposes of the Sub-Contractor’s liability to pay Liquidated Damages under this Clause, and the Sub-Contractor shall, upon first written demand by the Contractor/C.R., forthwith pay or allow to the Contractor the said amount of Liquidated Damages due without the need of the Contractor to prove its actual damage or loss.

(b) Further and in any event, the Contractor and the Sub-Contractor acknowledge and declare that it will be difficult to assess damages for the actual damage or loss incurred as a result of the Sub-Contractor’s failure to complete the Sub-Contract Works by the Completion Date. The Sub-Contractor acknowledges that the Liquidated Damages stated in Appendix II represents the loss or damage that would be caused to the Contractor which naturally arose in the usual course of things from the breach and/or which the Parties knew, when they made the Sub-Contract, to be likely to result from the breach of the Sub-Contract. The Sub-Contractor irrevocably undertakes that it will not, whether by legal proceedings or otherwise, contend that such sums and the limits thereon in Appendix II are not reasonable nor will it put the Contractor to the proof thereof, nor further contend that its agreement to such sum
and undertaking as aforesaid were arrived at by force, duress, coercion, mistake or misrepresentation on the part of the Contractor.

(c) For the avoidance of doubt, the Liquidated Damages imposed or deducted by the Contractor shall not relieve the Sub-Contractor from its obligation to complete the Sub-Contract Works, or from any other duties, obligations or responsibilities which it may have under the Sub-Contract.

25.3 Effect of the fixing of a later Time for Completion

(a) If, pursuant to Clause 21.0, the Contractor/C.R. issues a Certificate of Extension of Time and fixes a later Date for Completion, then any Certificate of Non-Completion previously issued shall cease to be of effect and the Contractor/C.R. shall issue such further Certificate of Non-Completion (if any) as may be necessary.

(b) The Contractor shall then pay or repay the Sub-Contractor free of interest any amounts recovered or allowed or paid under sub-clause 25.1 for the period up to such later Date for Completion.

25.4 Apportionment of Liability

If the events (or reasons) causing the delays to the completion of the Contract Works are caused by more than one party apart from the Sub-Contractor (including the Contractor and other persons/parties), the Contractor/C.R. shall in the certificate referred to in sub-clause 25.1 apportion the liability of the defaulting parties in respect of such delays.

The separate Defects Liability Period shall commence on the date the rectification work is completed and certified by the Contractor/C.R.

(c) If the Sub-Contractor fails to make an application for payment under sub-clause 29.1(a), it shall be deemed that the Sub-Contractor has waived its contractual entitlement for that Interim Certificate but the Contractor/C.R. may, (but is not obliged to) nevertheless proceed to undertake the necessary valuation and certification on its own volition and the sum so certified shall not be subject to dispute by the Sub-Contractor. However, the Contractor/C.R. may not proceed to undertake any certification at all without being in default.

(d) After the issue of the Certificate of Practical Completion, the Contractor/C.R. is contractually obliged to issue only two further types of payment certificates i.e. the Penultimate Certificate and Final Certificate. However, the Contractor/C.R. may issue such further payment certificates during the Defects Liability Period which may not fall under the said types of payment certificates if the Contractor/C.R. deems necessary under the particular circumstances and/or if necessitated by the provisions of Section 30 (3) of CIPAA 2012 and/or other applicable express provisions of the Sub-Contract.
(e) The Parties hereby agree that total payment due to the Sub-Contractor for work done under the Sub-Contract shall be paid such through the Interim, Penultimate and Final Certificates (and/or other further payment certificates), that the finalization of the amount due shall be undertaken progressively on a “stage”/milestone, or “elemental” basis. To this effect, the parties together with the C.R. shall endeavor to make all relevant adjustments to the Sub-Contract Sum as stated in Clause 33.0 in the respective Interim Certificates and the Penultimate Certificates, with any outstanding/residual adjustments to be undertaken only in the Final Account/Final Certificate.

29.3 Statement of work done

Except for the Statement of Work done which shall also be submitted in a soft copy, the other documents shall be in hard copy unless mutually agreed to the contrary by the Parties.

29.4 Valuation of Work

(b) Further to and in amplification of sub-clause 29.6(a), the Contractor/C.R. may withdraw or reserve any Interim Certificate that is defective and/or contains patent errors on the face of it.

(c) The deduction shall be calculated as follows:

\[ \text{RM D} = \frac{200 \times \text{RM A}}{\text{RM B}} \times \text{percent of RM P} \]

Where:

(i) RM D = cumulative deduction to be made in Interim Certificate

(ii) RM A = total amount of advance paid

(iii) RM B = total Sub-Contract value of Builder’s Work

44.0 SUB-CONTRACTOR’S CLAIMS

44.1 Sub-Contractor’s right to claim

(a) If the Sub-Contractor considers itself to be entitled to any additional payment inclusive of any loss and/or expense (direct and/or consequential, as applicable) that the Sub-Contractor has incurred and which could not be reimbursed by a payment under any other provision in the Sub-Contract, the Sub-Contractor may make a claim for the same provided the provisions of this Clause 44.0 are fulfilled to the reasonable satisfaction of the Contractor/C.R.

(b) For the avoidance of doubt, for a claim for loss and/or expense, the corresponding provisions under Clause 57.0 of the Contract Conditions in terms of the meaning to be ascribed to the phrase, the heads of entitlements, etc. shall apply mutatis mutandis. As to the grounds giving rise to the Sub-Contractor’s right to claim for loss and expense, these shall be limited to only those grounds listed in Clause 21.4 (b) 2. (Contractor Risk Events) for direct loss and expense and Clause 44.6 for any loss and expense.

(c) Nothing in this Clause 44.0 shall oblige the Contractor to pay extra costs for delay and/or loss and/or expense which have already been included in the valuation of a Variation under Clause 28.0 or any other payment under the Sub-Contract.
The Sub-Contractor shall not be entitled to any additional payment under this Clause 44.0 where the event arises from, or is necessitated by, or is intended to cure any default or breach of contract by the Sub-Contractor, its agents, servants or Sub-Subcontractors.

(iv) any other information, or details which will enable the Contractor/C.R. to make a considered decision under Clause 44.5.

(d) The giving of such written notice shall be a condition precedent to any entitlement to any additional payment that the Sub-Contractor may have under the Sub-Contract and/or common law;

(e) The fact that the Sub-Contractor does not, or may not know whether the valuation of a Variation has been agreed, or whether the Contractor/C.R. has decided to include in any certificate any amount in respect of any claim shall not excuse the Sub-Contractor from the requirement to give a notice under this sub-clause.
44.3 Contemporary Records

(a) The Sub-Contractor shall keep such contemporary records as may be reasonably necessary to support any claim for additional payment that it may subsequently wish to make;

(b) For the purpose of this clause, the term “contemporary records” shall include all books, reports, papers, records, vouchers and information relevant to the claim being pursued;

(c) Without necessarily admitting the Contractor’s liability, the Contractor/C.R. may, on receipt of a notice under sub-clause 44.2:

(ii) instruct the Sub-Contractor to keep such further records which the Contractor/C.R. considers to be material to the claim of which notice has been given.

44.4 Substantiation of Claim

(a) Within 30 Days, or such other time as may be expressly agreed to by the Contractor/C.R., of the Sub-Contractor giving written notice under sub-clause 44.2, the Sub-Contractor shall submit to the Contractor/C.R.:

(i) complete particulars of its claim for additional payment together with all necessary calculations to substantiate the claim;
(ii) all contemporary records relevant to substantiate the claim; and

(iii) any other information, or record necessary to enable the Contractor/C.R. to properly evaluate the submitted claim.

(b) For the avoidance of doubt, the detailed particulars submitted by the Sub-Contractor pursuant to sub-clause 44.4(a) shall adequately substantiate the Sub-Contractor’s claim including showing the nexus between the event relied on and the amount of additional payment so claimed.

(c) Where the event giving rise to the claim has a continuing effect:

(i) such submission and account shall be considered to be interim; and

(ii) the Sub-Contractor shall, at such intervals as the Contractor/C.R. may expressly require, submit such further interim submissions and accounts giving the accumulated amount of the claims and any further grounds upon which they are based.

(d) Further to sub-clause 44.4(c), within 30 Days of the end of the effects resulting from the event, the Sub-Contractor shall submit to the Contractor/C.R. a final account of the claim supported with the details stipulated in sub-clause 44.4(a).

(e) If the Sub-Contractor fails to substantiate its claims (as stipulated in this sub-clause) to the reasonable satisfaction of the Contractor/C.R. within:

(i) the stated time; or

(ii) such longer period as may be agreed in writing by the Contractor/C.R.,

it shall be considered that the Sub-Contractor has waived its rights for direct loss and/or expense.

44.5 Ascertainment/Payment of the Claim

(a) Subject to the Sub-Contractor complying with sub-clauses 44.2 to 44.4, the Contractor/C.R. shall proceed with the ascertainment of the Sub-Contractor’s claim in line with the provisions of this sub-clause.
(b) If the Sub-Contractor shall have complied with sub-clause 44.2, but fails to supply the Contractor/C.R. with adequate substantiation of the whole amount claimed:

(i) the Contractor/C.R. shall be entitled to make such assessment, valuation, or opinion as shall be fair and reasonable on the basis of the information made available to it; and

(ii) the Sub-Contractor shall only be entitled to payment in respect of such part of the amount as may have been substantiated to the satisfaction of the Contractor/C.R.

(c) The Contractor/C.R. in ascertaining the tenability of the Sub-Contractor’s claim for loss and/or expense shall be bound by the following principles:

(i) liability for compensation must first be established showing the nexus between the event relied on and the delay, or prolongation suffered by the Sub-Contractor; and

(ii) once it is established that compensation for the delay or prolongation is due, the evaluation of the sum due shall be made by reference to the period when the effect of the event was felt and not by reference to the extended period at the end of the Sub-Contract.

(d) Within 30 Days, or such other time as may be mutually agreed to by the parties, of the receipt by the Contractor/C.R. of the Sub-Contractor’s substantiations under sub-clause 44.4(a), (c) or (d) (as applicable), the Contractor/C.R. shall:

(i) certify such amount in respect of any claim for additional payment as the Contractor/C.R. may consider due to the Sub-Contractor; or

(ii) reject the Sub-Contractor’s claim in writing with reasons.

If the Contractor/C.R. fails to respond either way within the time period as stated above, then upon its lapse, it shall be deemed that it has no objections to the Sub-Contractor’s said claim as submitted and due effect shall be given to the same by the Parties.
Pursuant to sub-clause 44.5(d)(i), any amount so ascertained shall be added to the Sub-Contract Sum, and if a payment certificate (i.e. Interim, Penultimate or Final) is issued after the date of ascertainment and certification, such amount shall be included in the said certificate. The inclusion by the Contractor/C.R. in any such certificate of any amount in respect of any claim for any additional payment by the Contractor in respect of any such amount shall not:

(i) prejudice the Contractor’s right to dispute the Sub-Contractor’s entitlement to the amount certified either:

1. in principle, or
2. as to its quantification, or
3. from referring such dispute for decision pursuant to Clause 45.0; or

(ii) be taken into account by the Contractor/C.R. or any arbitration (or other tribunal) in deciding whether the Sub-Contractor shall repay to the Contractor the whole or any part of such amount.

Further to sub-clause 44.5(d)(ii), if the Sub-Contractor is not satisfied with the Contractor’s/C.R.’s decision to reject its claim, the Sub-Contractor, may if it so desires proceed to have the dispute resolved under Clause 45.0.

44.6 Loss and/or Expense incurred pursuant to Section 29 of CIPAA (if applicable)

(a) If the Sub-Contractor has incurred loss and/or expense through exercising its right to suspend or reduce the rate of progress of performance of the works under Section 29 of CIPAA, the Sub-Contractor may make a claim for such loss and/or expenses. The following provisions shall apply:

(i) the Sub-Contractor shall, as soon as practicable but not later than 28 Days after the date of resumption of performance or the rate of progress performance of the works under Section 29(4)(d) of CIPAA, send to the Contractor/C.R. relevant particulars of its claim for its loss and/or expense together with all necessary calculations and particulars to substantiate its claims,

(ii) if the Sub-Contractor fails to submit the required particulars in Clause 44.6 (a)(i), or within such longer period as may be agreed in writing by the Contractor/C.R., it shall be deemed that the Sub-Contractor has waived its rights under this Sub-Contract and/or the law to any such loss and/or expense;
(b) If the Contactor/C.R. is of the opinion that the particulars submitted by the Sub-Contractor are insufficient to enable the Contractor/C.R. to decide on the claim for such loss and/or expense, the Contractor/C.R. shall within 14 Days from the date of receipt of Sub-Contractor’s particulars, inform it of any deficiency in its submission and require the Sub-Contractor to provide such further particulars within such period of time as may be stated by the Contractor/C.R. in writing. If the Sub-Contractor fails to submit the required further particulars within the time as instructed by the Contractor/C.R., the Contractor/C.R. shall value the Sub-Contractor’s claim for such loss and/or expenses based on whatever information which is available to them and ascertain the amount (if any) entitled by the Sub-Contractor within 42 Days thereof.

(c) Clause 44.3 on Contemporary Records shall equally apply to any claim by the Sub-Contractor under this Clause 44.6.

(d) If the Contractor/C.R. is of the opinion that the Sub-Contractor has submitted sufficient particulars for their determination, the Contractor/C.R. shall determine and ascertain the amount (if any) of such loss and/or expense within 42 Days of receipt of the particulars from the Sub-Contractor under Clause 44.6 a). The Contractor/C.R. shall set out the details of his determination. Any amount so ascertained shall be added to the Sub-Contract Sum, and if an Interim or Penultimate Certificate is issued after the date of ascertainment, such amount shall be included in the certificate.

(e) In the event that the adjudication decision to which the subject claim made by the Sub-Contractor relates, is subsequently set aside by the court or superseded by a final decision of the court or arbitration, the Sub-Contractor shall not be entitled to any such loss and/or expense and the Contractor shall be entitled to recover from the Sub-Contractor any amount of such loss and/or expense paid by the Contractor as a debt, or by deducting from any monies due or to become due to the Sub-Contractor under this Sub-Contract, or recover from the Performance Security.

45.0 ARBITRATION

(ii) on the whole or part of any amount claimed in the arbitration and outstanding at the commencement of the arbitral proceedings but paid before the award was made, in respect of any period up to the date of payment.

45.3 Commencement of Arbitration

(a) Unless otherwise agreed in writing by the Parties, such arbitration shall be commenced after the Practical Completion or alleged Practical Completion of the Sub-Contract Works, or determination or alleged determination of the Sub-contractor’s employment under the Sub-Contract, or termination or alleged termination of the Sub-Contract under the law, or abandonment or alleged abandonment of the Works except on:
(i) the question of whether or not the issuance of an instruction is empowered by these Conditions,

(ii) any dispute or difference under Clause 45.0,
